H. B. LUCAS PASSES AWAY

Well Known and Respected
Citizen Goes to His
Reward.

Was a Thorough Christian and
Was Respected by All Who
Knew Him.

Henry B. Lucas, one of the most widely known and highly respected men in the county, died at his home on North Harrison street, last night at 6 o'clock of senility. He had been in very feeble health for about a year and had gradually declined.

He was 80 years, 4 months and 4 days old, and was born in the State of New York on November 25th, 1824. When but an infant, he accompanied his parents to Fayette county, this State, where they settled near Columbia. He was a son of Jabez and Esther Lucas, the former being a native of Connecticut and the latter of New York.

Henry Lucas joined the Christian church under the preachings of Elder Benjamin Franklin in September, 1848. He was immersed by Elder Thomas Connelly, at Columbia, Fayette county.

On May 16th, 1850, he was married to Martha B. Austen, a native of Baltimore, Maryland, but then residing near Columbia. Eight children were born to them, three of whom, William E. Lucas, of Old Mexico; George A. Lucas and Harry J. Lucas, of this city, survive. William Lucas has been notified of the death, but will be unable to reach this city, on account of the four days' quarantine required by law.

Twenty-three years ago Henry Lucas and his family came to this city, where they have resided ever since. During his early career, Mr. Lucas' occupation was that of a farmer. Upon coming here he engaged in the insurance business and has been engaged in various occupations at different times.

He was a faithful member and an earnest worker in the church, and was prominent in Sunday school circles in the State. He was a Christian gentleman, a true friend, a loving father and a kind husband. He was respected by everyone who had the honor of being an acquaintance, and his loss will be sorely felt.

The funeral services will be held Saturday morning at 10 o'clock at the Main street Christian church, conducted by the pastor, Rev. W. W. Sniff, assisted by Rev. W. P. McGarey, pastor of the U. P. church. The interment will take place at Fairview.

Friends who wish to view the remains may call Friday afternoon between the hours of 2 and 5.

AN INTERESTING UNION MEETING

Patriotic Session, at the Court
House Followed by a
Supper.

Joel Wolfe Post G. A. R. and the local lodge W. R. C. held a union meeting at the assembly room at the court house yesterday afternoon. Post Commander F. M. Redman presided and there was a good attendance of both orders. Interesting addresses were delivered by Ben L. Smith, Martin V. Spivey, George H. Puntney and Col. E. H. Wolfe, and Mrs. Conover recited two good pieces, which were very much appreciated. Mrs. A. L. Aldridge furnished some fine music on the piano. Songs were sung by the members of the order. At the conclusion of the meeting, a fine supper was served by the W. R. C. in the Grand Army room. The members of the two orders were invited to attend a patriotic meeting with the P. O. S. of A. Monday night, April 24th.

CITY COUNCILMEN ON THE CARPET

Only One of Shelbyville's Aldermen Escapes Grand Jury, but
Evidence is Secret.

Shelbyville has ten councilmen, nine of whom with the mayor in turn spent much of their time yesterday in the grand jury room. All sorts of rumors were afloat last night as to the outcome of the investigation.

Councilman Henry Friday is the only member who has not been summoned before the grand jury, and so closely are the secrets of that body guarded that it is impossible to learn anything in regard to the proceeding, yet it was whispered that a batch of indictments would be returned from the investigation yesterday.

It is also said that indictments will be returned against witnesses who have gone from the grand jury room and told of what they testified.

SOME MORE FIRECRACKERS

Troublous Times are Promised
for Tomorrow in Port au
Prince.

Washington, March 30.—An American man-of-war has been sent to Port Au Prince to protect American interests. This determination was arrived at when the state department received a cablegram from Minister Powell saying that serious trouble is impending in Hayti and it is doubtful whether the authorities can maintain peace and order on March 31 and April 1. The state department immediately requested the navy department to dispatch a war vessel to Port Au Prince.

NO AGREEMENT WAS REACHED

And as a Result the Pennsylvania
Bituminous Mines Will
Close.

Altoona, Pa. March 30.—The operators and miners of the central bituminous district of Pennsylvania, after being in conference in this city almost continuously since March 16, endeavoring to agree upon a wage scale to go into effect April 1, adjourned finally without coming to an agreement. The failure to agree means a suspension of work by the 65,000 organized miners of the district at the end of the present month.

THE CZAR IS HOLDING OUT

Emperor of Russia Still De-
sires to Prosecute War to
"the Bitter End."

Recent Encouraging Rumors
When Sifted to Bottom Seem
Well Nigh Meaningless.

St. Petersburg, March 30.—An official news agency says: "In spite of the general inclination in favor of conclusion of the war, Russia has not proposed any peace conditions nor prepared any such conditions."

Washington, March 30.—Neither Russia nor Japan have asked President Roosevelt to assist them in ending the war. So far as the Washington government is aware Emperor Nicholas has not weakened in his announced decision to prosecute the war to the bitter end.

The genuine wish of the government for peace in the far east is not based upon selfish interests. American financiers have not overloated themselves with the bonds of either of the belligerent nations. Washington believes that it is to the advantage of both belligerents that the far Eastern war come to a speedy end and anything that this government can do to bring that about will be done gladly. From the outset of the war the president has taken the position, as has been repeatedly announced by Secretary Hay, that he will do anything in his power to assist Russia and Japan to a peaceful basis when his services shall be acceptable to the belligerents. But it is authoritatively stated that no official of the Washington government is ambitious to pose as the mediator between the czar and mikado.

It is the feeling here that Russia and Japan should negotiate directly and avoid an international conference. This opinion also prevails in Berlin. Indeed, Japan has recently received an urgent warning against indirect negotiations lest they lead to an international conference, the results of which might prove disastrous to the interests of both belligerents. There is authority for the statement that France is diligently striving to end the war and for six weeks past negotiations of the most confidential character have been in progress between Paris and St. Petersburg. Even diplomats of the highest rank have failed to obtain from M. Delcasse, the French foreign minister, the results of these negotiations, but it can be announced that Count Lamsdorff, the Russian minister for foreign affairs, has within a week admitted that he had in a general way outlined to M. Delcasse the general terms along which Russia might consent to consider peace. It is said that this move has been in a measure blocked by the refusal of Japan to give any indication as to the peace terms she would accept until positively assured in the name of the czar himself that Russia is prepared to negotiate in good faith for peace. Not only does Japan insist on this assurance, but she prefers to negotiate directly with St. Petersburg.

With the United States, Germany and Japan opposed to an international conference to end the war, the belief is strong in Washington that successful peace negotiations will date from the day St. Petersburg communicates with Tokio direct. The Washington government is alertly watching for the opportunity to assist Russia and Japan in getting into diplomatic communication. Thus would an international conference be avoided and the United States would be in a better position to insist upon the maintenance of the integrity and administrative entity of China. No negotiations involving an attack upon this principle can be acquiesced in by the United States.

A BOMBARDMENT

Portsmouth, Ohio, March 30.—A bomb was thrown against the house of William Webb at Harrison furnace, in this county, last night, and the house was partially wrecked, but none of the occupants injured. Webb fired several shots at two men whom he saw running away from the place. Webb has had some trouble in the neighborhood and was recently married to a woman much younger than himself.

A SPLENDID THING

Big Four Gets Out a Folder Full
of Panama Canal In-
formation.

This office is in receipt of a copy of the official map, history and workings of the Panama canal. The pamphlet is in folder form and was issued by the Big Four. It is replete with information regarding the city of Panama, and has other points of interest regarding the new acquisition of the United States. Railroad in Panama has some peculiarities of its own. The conductors have a freight run one week and a passenger run the next. The equipment of the Panama railroad is old fashioned, but is in excellent condition. The gauge is five feet, and some of its cars are equipped with air-brakes. The ties are made of lignum-vitae wood, which is so hard that a spike cannot be driven until a hole has been bored through it. The telegraph poles are made of old rails standing on end. The first-class fare is 9 cents a mile, and the second-class fare is 5 cents a mile. Baggage cars and cabooses are equipped with telephones so that a train can stop anywhere and communicate with stations along the road.

DEATH OF MRS. FLORENCE BERGIN

Former Rushville Woman Passes
Away at Her Home in
Franklin Ind.

Mrs. Florence Bergin died of consumption Wednesday morning at 8 o'clock at her home in Franklin, Indiana, after a long and painful illness. She was a daughter of Mrs. M. V. Windler, and a sister of Frank Windler, of this city. Mrs. Bergin was born November 5th, 1870, and was married June 27th, 1892, to Richard Bergin. She united with the Presbyterian church in 1885, and was a faithful and earnest church worker. Mrs. Bergin was well known and highly respected both in Franklin and in this city, and her loss will be deeply felt. She leaves a husband and two children, Harold, 8 years of age and John, aged 3 years. The funeral services will be held at Franklin tomorrow afternoon at 1:30 o'clock. The burial will take place in that city.

MRS. ROGERS' DIVORCE SUIT

Manilla Couple Seemed to
Have a Rough Time on
Sea of Matrimony.

Mrs. Emma Rogers, of Manilla, today, through her attorneys, filed suit for divorce from Frank Rogers, alleging drunkenness, cruel treatment and failure to support. She asks judgment, \$400 alimony, a portion of the defendant's property and the custody of her child, Chloira, aged 13 years. The couple was married on May 25th, 1889, and separated this month. Mrs. Rogers alleges that her husband called her vile names, beat, choked and kicked her, and failed to provide for her. She claims that he has property worth \$800, but that it is incumbered in the sum of \$400 and that she paid \$200 of her own money on the property. She asked that the defendant be restrained temporarily from selling the property or doing her bodily injury which she stated, he had threatened to do. The restraining order has been granted.

PRELIMINARY ARRANGEMENTS

In Reorganization of Canal
Commission Have Been
Made.

President Asks Present Members
of Commission to Lay Down
Official Cares.

Washington, March 30.—The first practical step having in view the reorganization of the Panama canal commission, was taken when, in compliance with instructions from President Roosevelt, Secretary Taft requested the members of the commission to tender their resignations. This request was promptly complied with by those members of the commission now in Washington, and the resignations were placed in the hands of the president today. The purport of Secretary Taft's letter requesting the resignations of the commissioners was sent to Major General Geo. W. Davis, retired, of the army, the governor of the canal zone, and also one of the members of the commission, and a prompt answer is expected from him. As indicated in the letter of Secretary Taft, the resignations are requested in order that the president may have a free hand in reorganizing the commission. That the president contemplated the reorganization of the commission has been known for some time, and he has been in frequent consultation with Secretary Taft as to his future policy in choosing its personnel and directing its work. It is believed that better results might be accomplished by the appointment of a smaller commission than that now existing, but a recent opinion of Attorney General Moody held that under the law the president was required to name seven members in all. The appointments probably will be announced by the president during the progress of his Southern trip.

The members of the present commission in addition to General Davis are Rear Admiral John G. Walker of the navy, retired, chairman; William Barclay Parsons, William H. Burr, Benjamin M. Harrod and C. Ewald Grunsky.

GREENFIELD MAN LEAVES HIS HOME

F. G. Banker, a Well Known Business Man. Leaves His Family
and Business Interests.

F. G. Banker, a wealthy brick manufacturer of Greenfield, reputed to be worth at least \$100,000, has deserted his family and business and gone to parts unknown, accompanied, it is said, by Mrs. A. J. Rice, wife of a laborer, of that city. In a letter to his wife received Tuesday afternoon, Mr. Banker asks her to forgive and forget him, adding that, owing to differences which had arisen, he was sure they never could be happy together again. Inclosed in the letter was a check for \$700 on a Greenfield bank, and deeds to his two pieces of town property, also one to the brick works and the fifty acres of land on which it is situated, worth several thousand dollars. There was also a letter to his son, who is twenty-one years old, advising him to continue the business. Banker is the father of two children and Mrs. Rice is the mother of two. A J. Rice brought suit several years ago against Mr. Banker for alienating his wife's affections and the plaintiff recovered judgment for \$2000 damages.

Banker is forty-two years old. He was the first president of the Indianapolis & Eastern interurban railway, in which he holds considerable stock. He also held \$3000 worth of stock in the Utah Valley irrigation project, and it is supposed that the runaway couple has gone to Utah. It is also believed that the two small boys of Mrs. Rice have gone with them. Mrs. Banker will make no effort to apprehend her husband, but she is firm in her determination not to apply for a divorce.

COLONEL WOLFE AT CONNERSVILLE

Inspection of the Lodge and Degrees Conferred—Col. Wolf's
Compliment.

Connorsville Examiner.
Last Monday evening the members of Warren Lodge No. 15, F. & A. M. held a very interesting session at Masonic hall and had the pleasure of a distinguished visitor, Col. Ed. H. Wolfe, State inspector of the order. An inspection of the lodge was held by Col. Wolfe, who passed a high compliment on the officers and their work which they ably conducted. Also a feature of the meeting was the sublime degree of Master Mason which was conferred on one candidate. A banquet was served and during the festivities some very good speeches were made.

ABILITY AS DETECTIVES

The Deputy Assessors, it is
Said, are Finding Dogs
Very Scarce.

Tax Man Has His Troubles Look-
ing for Them—Many Stray
Dogs.

The numerous deputy assessors who were appointed a few weeks ago, it is reported, are not finding their life as rosy as it looked. Perhaps nothing gives the assessors more trouble than does the work of trying to list the dogs in a district for taxes. The man who gets all of the dogs in his district must be a Sherlock Holmes. These are days of strenuousness for the various species of canines which are supposed to have homes. These are also the happy days of the tax man, and when the annual period of dog listing comes the canines begin to "enjoy" the regular spring moving.

The township assessors and their deputies are said to be finding considerable trouble in locating the owners of dogs. If by the first of the month he has gotten rid of it and concealed him in some way before the assessor arrives he will be safe. The law provides that if a dog was owned or harbored the first of the month, its possessor is liable to taxes. Many schemes are tried to avoid the assessors. Dogs are hidden in sheds, barns or even cellars. A common practice is to send them to the country, where it is thought they can be concealed with greater safety.

Although human beings manifest a wonderful attachment for dogs, the practice of dodging the assessor is general. In a large number of cases where the animal is of fine blood or where it is kept as a house dog, it is given to the assessor without any trouble.

The most troublesome canines are those who appear to have neither home nor owner but when the assessor has gone around, are welcomed back as a long lost friend of the family.

BY THE WAYSIDE

A good joke is told on certain young ladies in the west end who are well known, and who were both good patients of a certain physician, who formerly had his office in the building on Third street in the rear of Weeks' Meat Market. The physician some time ago moved into better quarters and a family moved into his former office. The young ladies were not aware of the fact, so one day they called, walked into the office and seated themselves to patiently await the pleasure of the physician. They noticed that the fixtures in the room were slightly different from those which they were accustomed to seeing there, but they did not "tumble." Soon the lady of the house entered to see who the callers were, who had so unceremoniously entered her house. The result was a series of apologies and a hasty exit in confusion.

INTERESTING RUMOR

George A. H. Shideler Told of For
Republican State Chairman.

Indianapolis, Ind., March 30.—George A. H. Shideler of Marion, may become a candidate to succeed James P. Goodrich of Winchester, as chairman of the Republican state committee. It is said that he has not made up his mind fully in the matter but will do so within the next week. The announcement that Shideler may become a candidate is in the nature of a complete surprise as his name has never before been mentioned in connection with the position. It was no secret to those on the inside that he, Jay Wood Wilson and other wealthy Marion politicians were sponsor for the candidacy of Elam Neal of Jonesboro for the place, but the designation of Neal for the Lawrenceburg revenue collectorship removed him from the race as he decided to accept that position. Shideler and Neal were here today. Shideler intimated that he might have an announcement to make within a few days but he refused to give a hint as to what it would be. It was learned from one of his close friends, however, that he has his eye on the chairmanship and will become a candidate if he meets with the proper encouragement.

Apologies of the probable candidacy of George A. H. Shideler for Republican state chairman it is said he is making close inquiry as to whether or not Chairman Goodrich is to be a candidate for a third term. It has been reported lately, and generally understood that Chairman Goodrich has made up his mind to stand for a third term, but it was learned from one of his closest friends and political co-workers that he has never said that he would be a candidate and that if he does enter the race it will be at the earnest solicitation of the Fairbanks' men with whom he has been intimately associated. The party leaders are more at sea than ever before as to who will control the organization during the coming campaign. It was thought that some light might be thrown on the subject by the visit of Senator Hemenway but he refused to commit himself to anyone on the matter. He left unexpectedly and none of his friends are any the wiser as to his desires.

It is evident that Governor Hanly meant exactly what he said about enforcement of the liquor laws of the state. His purpose has been manifested to the delegations that have called on him during the last two days regarding the appointment of police judges who will serve until the first of next year when their regularly elected successors will be sworn in. He is asking the applicants and their backers if they will rigidly enforce the liquor laws, especially regarding Sunday closing. The applicant that shows the slightest hesitancy in his replies is marked off the governor's list for he is determined to have no judge in office as his appointee who will not take a vigorous hand in enforcing the laws. His office has been crowded all the week with applicants for judgeships.

At the written request of John W. Brady of Princeton, George Cunningham and Col. Frank B. Posey, candidates for congress and the county chairmen of the First district, Governor Hanly has issued a call for a special election May 16 to choose a successor in congress to Senator Hemenway. It is probable that the nomi-

nating convention will be held about the middle of April. A hot fight is now in progress for the nomination. While Cunningham seems to be the favorite now, many wise politicians think there will be such a clash between him and Posey that Brady will slip in and land the nomination.

Ex-Mayor Bookwalter is a candidate for renomination on the Republican ticket this year. He admitted today to a committee of Second ward Republicans who are looking for a candidate who can poll the full party strength. Bookwalter and other prospective candidates were asked straight out if they intended to run. His was the only answer in the affirmative although Linton A. Cox intimated that he will be a candidate.

No One Responsible.

Brockton, Mass., March 30.—A statement that no evidence has been adduced to show that any person was criminally liable for the explosion in the R. B. Grover company's shoe factory here last week, which caused the death of fifty-eight employees, made by the district attorney concluded an inquest held in the police court to determine if possible the cause of the accident and to place responsibility for it.

Pacific Mission Ended.

London, March 30.—The Indian office in London announces that the Louis Dane mission to Afghanistan has completed its business, concluded an agreement with the ameer and is now returning to India. The purpose of the mission was to improve the understanding between the Indian government and that of Afghanistan.

Invitation to the World.

Washington, March 30.—The president has issued a proclamation inviting the nations of the earth to be represented by their military organizations and naval vessels at the celebration to be held in the vicinity of Jamestown, Va., from May 13 until November, 1907.

Another Battle Imminent.

St. Petersburg, March 30.—Another duel between the two opposing armies in Manchuria may be on the program for the coming week. The Russians, according to Harbin dispatches, are now strongly fortifying their positions at Sipinghai, against which the Japanese are reported to be gathering in force. A border of twenty miles of debatable ground still remains between the two armies, over which the Japanese probably will not advance until they are ready to attack. Equally important news is that a column of Japanese is moving against Kirin, perhaps with the intention of turning the position eastward and striking at the Vladivostok line of communication with the double purpose of isolating the fortress and separating General Linevitch's army from a valuable base of supplies, the Ussuri district.

This Comes From Paris.

Paris, March 30.—An unconfirmed rumor from St. Petersburg is published today to the effect that Emperor Nicholas made an attempt to commit suicide and wounded himself in the head. The rumor further says that the emperor's death was frustrated by the intervention of his mother, the empress dowager.

Wants to Oust Standard Oil.

Jefferson City, Mo., March 30.—Attorney General Hadley has filed in the supreme court an application for a writ of quo warranto for the purpose of ousting the Standard Oil company, the Republic Oil company and the Waters-Pierce Oil company of their franchises for doing business in Missouri. The supreme court issued the writ and made it returnable to the court in banc on April 11. The application charges the company with being in combination to control prices and the supply of oil in the state.

Cruise for President's Family.

Washington, March 30.—It is stated that Mrs. Roosevelt, accompanied by some of her children and relatives, will leave Washington Friday for the South, probably Jacksonville, where they will go aboard the yacht Sylph for a short cruise. Mrs. Roosevelt contemplates returning to Washington in twelve or fifteen days. While she is away Miss Alice Roosevelt will be in charge of the White House.

Fateful Order to Halt.

In less than half an hour my troops would have swept up and over those hills, the possession of which was of such momentous consequence. It is not surprising, with a full realization of the consequences of a halt, that I should have refused at first to obey the order. Not until the third or fourth order of the most peremptory character reached me did I obey. I think I should have risked the consequences of disobedience even then but for the fact that the order to halt was accompanied with the explanation that General Lee, who was several miles away, did not wish to give battle at Gettysburg. It is stated on good authority that General Lee said some time before his death that if Jackson had been there he would have won in this battle a great and possibly decisive victory. I cannot vouch for the truth of this statement, as I did not hear it; but no soldier in a great crisis ever wished more ardently for a deliverer's hand than I wished for one hour of Jackson when I was ordered to halt.—General John B. Gordon in Scribner's.

The Family Meal.

I consider the family meal to be something much more sacred than merely an act of satisfying hunger. To me it is the meeting ground of all family joys and all family sympathies.—Professor Von Herkomer.

A Violation of These Is Attended

For the guidance of hunters and fishermen over the state, it may briefly be stated that the law prohibits the shooting of deer, turkey or pheasant of any kind; prohibits trapping of quail or possessing a quail net or trap; prohibits the shooting or possession of quail, ruffed grouse and prairie chicken from the first day of January to the tenth day of the following November; prevents the killing of more than twenty-four quail in any one day by one hunter, and prohibits selling or offering for sale any quail. The law makes it a penalty for a person to hunt anywhere in the state except the township in which he resides without procuring a license to do so, and makes it unlawful for any common carrier or other person to transport game outside of the state.

It likewise limits the number of hooks on any one trot line to 100 and allows but one trot line to be used by one person, prevents the use of any poisonous substances in taking of fish, and prohibits the taking of pickerel less than twelve inches in length, rock bass or crappie less than six inches, black bass less than ten inches, limiting the number of fish to be caught to twenty in one day. It makes it unlawful to pollute any of the waters of the state in such a way as to injure or destroy the life of fish, and prohibits the use of dynamite or other explosives without special permission of the commissioner. A penalty of \$20 is provided for violations of any of the foregoing sections, to be paid in to the fish and game protective fund.

SENSATIONAL ALLEGATIONS

Bloomington Stirred Up Over Charges
Against Public Officials.

Bloomington, Ind., March 30.—East & East and J. E. Henley, attorneys of this city, appointed by Judge Wilson of the Monroe circuit court to prepare charges against and prosecute in impeachment proceedings and action to disbar certain public officers and attorneys, have filed impeachment proceedings on behalf of the state of Indiana against Robert G. Miller, prosecuting attorney. They also filed disbarment proceedings against Mr. Miller, and later will bring proceedings to impeach Claude G. Malott, mayor of Bloomington, and also an action to disbar Arthur M. Hadley, an attorney of this city. The grand jury will take up the investigation of George D. Thornton and Samuel Ferguson. These proceedings are the outcome of the affidavits made by J. M. K. Thrasher and David Guy, that they had settled a criminal case by a money payment.

The people here are greatly aroused over the charges and there is a feeling that there must be no whitewashing in this affair. If the men are guilty, public opinion will demand that they be punished, and if they are not guilty they ought to be vindicated. The accused are loud in their demands for an investigation, but at the same time political influences are trying to prevent an investigation.

MORE INDICTMENTS

Are Promised for Tampering With
Government Witnesses

Chicago, March 30.—Ten witnesses, several of them being employed by Chicago packers, were heard at yesterday's session of the special grand jury which is investigating the business transactions of the so-called "beef trust." All of these were subjected to a rigid examination as to whether they had been approached by outsiders since being called as witnesses, the inquisitorial body evidently being more anxious, for the present at least, to secure further evidence of alleged tampering with witnesses by interested persons than to secure facts concerning the beef combination.

From a federal official it was learned that several witnesses had been approached, and as soon as the proof is in the hands of District Attorney Morrison, it is said, more indictments will be returned.

John E. Shields, government witness in the case against Thomas J. Connors, Armour's general superintendent, indicted on a charge of trying to influence a witness, was put under \$1,000 bonds to appear at the July term of the United States district court, when the Connors case is set for hearing. Shields signed his own bond and left for New York last night. Secret service men have increased in numbers so rapidly that now almost every witness of consequence is being shadowed.

Highwayman Arrested.

San Francisco, March 30.—John Zimmerman, an ex-convict, has been arrested on suspicion of having been one of the principals in the \$10,000 robbery at Stege on March 20. The stolen money was being sent by the Central bank to pay off the employees at the Standard Oil plant. It was in charge of two men, who were held up at a lonely spot while driving in a buggy. They have identified Zimmerman as one of the highwaymen.

A Double Tragedy.

Marshall, Ill., March 30.—As the result of a family quarrel five miles south of here, William J. Cruise fatally shot his brother-in-law, Frank Livix, with a shotgun, and then fired a shot from a revolver through his own heart.

Last Stage of Junket.

PROTECT YOURSELF AGAINST GERMS

People With Weak Stomachs Most Liable to Catch Disease

When the stomach and digestive organs are weak, the food does not digest, and there is a sour, stinky, fermenting mass making it an ideal spot for the disease germs to multiply. The only way to protect yourself against disease germs is to strengthen the stomach and digestive organs, and Mi-o-na is the only agent, so far as is known, that will accomplish this.

The ordinary medicine that is taken for indigestion and stomach troubles is advertised to act upon the food alone, and hence can give no more than temporary relief. Mi-o-na is a certain cure in all cases of stomach troubles, excepting cancer, because it enables the stomach and digestive organs to act in the way Nature intended they should. Drugs cannot digest the food; they simply decompose it.

If you suffer with distress in the head, chest, sides and back, belching of gases and indigestive food, bad taste in the mouth, dizziness, or vertigo, heartburn, variable appetite, sick headache, spots before the eyes, and have a general feeling of despondency, weakness and debility, you should at once strengthen the stomach and digestive system by the use of Mi-o-na. There is no liquid, no alcohol, no spoonful doses with Mi-o-na. Just one simple tablet out of a fifty cent box before eating, and your stomach will soon become so strong and healthy that you will become germ proof. Ask F. B. Johnson and Co. to show you the guarantee under which they sell Mi-o-na; costs nothing unless it cures.

Farm work is farther advanced than it has been at this season for many years. There has not been a day during the present month that farmers could not work out of doors, and many of them have got over half of their ploughing done. Work in other lines is equally far advanced. Wheat is beginning to grow luxuriantly and oats sown last week are sprouting out of the ground. The need of rain was certainly beginning to be felt. Today all nature is turning green. The trees and bushes are budding rapidly and the grass has grown considerably since yesterday.
